Jaycee Country Music Show Set For Friday

On Friday, November 21, 1975 the Appomattox County Jaycees will sponsor their eighteenth annual Country Music Show.

The show this year will be held at the new Appomattox County High School auditorium beginning at 7:30 p.m. Master of Ceremonies will be Henry Fulcher of WFLO radio in Farmville.

The Jaycees have changed show plans for this year and will have a show consisting of five bands. No contest will be held. The five bands appearing are the Pantytimers, Danny Clements and the Music Men, The Epperson Brothers, Little George and the Hill City Cutups, and The Harvest. The Harvest is the latest group to sign to be in the Jaycees show. They have been considered to be one of the fastest growing Bluegrass bands in the Virginia, West Virginia, North Carolina, South Carolina and Tennessee area. Jaycee members are quite fortunate to have this group as well as the others. They have a tremendous show planned and are hoping to fill the auditorium.

For information or tickets you may contact Floyd Williams at Fidelity National Bank, Hillcrest Branch; Ronnie Spigle at Robinson Funeral Home; Addison Elder at Evans Barber Shop; or call Bill Burke at 352-5171 after 6 p.m.

All proceeds from this show go to support the Christmas Shopping Tour for underprivileged children of Appomattox County.

Views Aired At Virginia Fibre Hearing

On November 18, 1975 a hearing was held at the Amherst County High School auditorium to give the public an opportunity to express their opinions relative to the odorous emissions emanating from the Virginia Fibre plant at Riverville.

Specifically its purpose was to determine if the Air Pollution Control Board should - 1. revise the implementation schedule, 2. order the plant to cease emissions; 3. enter into a consent decree or 4. approve a compliance schedule designed to correct the problem.

The compliance control, program referred to is a program designed to bring the plant into compliance with State rule EX-6.

Approximately 35 persons offered testimony ranging from entirely PRO PLANT to "close them down" or place a penalty on them or a combination of the two.

Most, however, seemed to be saying "let's give them a chance "to correct the problem" by insisting upon a strict but reasonable compliance schedule.

Many were saying that lasting solutions to such problems are not immediate and may not be complete, and that an implementation schedule is influenced by many factors which may not be possible within some arbitrary timetable.

Some suggested that Virginia Fibre Corporation may have taken a short cut in pollution control equipment to save money. The point was made, however, that approximately 19 million dollars was spent on their pollution abatement program. The opinion was offered that it seemed fail to spend an additional 0.3 million if they thought that an air pollution problem would occur as a result of switching to the green liquor process.

Emotion in some instances ran high and seemed to have captured the headlines but there was a stronger yet less dramatic appeal for reason and for fair play.

Farmers Asked To Help In Survey

Late this fall several Appomattox County farmers will be asked to participate in a nationwide survey to develop "Crop Conditions Which Impact on Production Plans."

Danny Johnson of Bedford County says that the local producers he will be contacting for the Virginia Crop and Livestock Reporting Service were scientifically selected to represent a cross section of State farmers. Farmers' responses to interview questions will play a significant part in indicating 1976 production plans for livestock and poultry and will point out acreages planted to winter wheat this fall.

Survey results published by the U. S. Department of Agriculture and the Virginia Crop and Livestock Reporting Service will be especially important to farmers and others in agriculture in light of current supply, demand, and crop conditions which impact on production plans. For example, the survey will guage the expected size of the 1976 winter wheat crop after a record crop in 1975 and increased foreign demand. Farmers again this fall planted wheat without any government acreage restrictions.

Danny Johnson urges all producers to cooperate fully in the late November and early December survey. All information is confidential and only State and National summaries will be published.

Rocks Quartet Not To Perform In Jaycee Country Music Show

The Rocks Quartet will NOT perform in the Jaycee sponsored Country Music Show scheduled for Friday night, November 21.

The Jaycees reported in the last issue of this newspaper that this group would be one of five "bands" participating. The Rocks Quartet requested the correction.

Football Contest Winners Announced

Winners in the seventh and final weekly TIMES-VIRGINIAN Football Contest, sponsored by local merchants, have been announced for their selection of winning teams playing last week.

Out of a possible 17 games listed in the contest there were three contenders with 15 games picked right. Phil Paulette, Amy Nash and Deborah Conner. In the tie-breaker, Amy Nash won first place and will receive a check for $10.00 from the TIMES-VIRGINIAN; Phil Paulette came in second in the tie-breaker and will receive a check in the amount of $5.00. Congratulations to Deborah Conner for selecting 15 winning teams. She was a first place winner recently.

TIMES-VIRGINIAN readers have shown a great deal of interest in the Football Contest and we feel that is has been successful. In all probability the same type contest will be sponsor...l again next football season...beginning with the first ACHS Raider game.

ELECTORAL BOARD IN NEW QUARTERS

The Appomattox County Electoral Board has moved from the third floor of the Court House Building to the second floor of the building that houses the Treasurer's Office and the Office of the Commissioner of Revenue, according to Mrs. Emma Lemon, Registrar. The Electoral Board office is located directly above the Office of the Commissioner of Revenue.

Supervisors Met In Short Session Friday

The Appomattox County Board of Supervisors met in a short session on Friday morning, November 14,1975 in the Board room at the Clerk's Office Building.

The Board adopted a resolution presented by T. E. Pittman, State Highway Department, regarding the changes in primary and secondary systems due to relocation and construction on Route 47 in Pamplin.

Lloyd G. Walton, Superintendent of Public Schools, presented the financial statement from the division and reported on the record enrollment in the public schools in the county.

January 9th,1976 will be the organizational meeting for the Board of Supervisors. Newly elected members, S. R. Lawson, Southside District; and J. M. Cobb, Clover Hill District; will begin their term of office at this time.

BOOK FAIR IS COMING!

The Appomattox Primary School will sponsor a student book fair from Nov. 17 to Nov. 21. Students will be able to browse and purchase books. The book fair will be open during the hours of 8 - 9:30 p.m. at PTA Open House on Thursday night, Nov. 21, 1975. Books will be on display in the cafeteria.

The book fair committee invites all students, parents and visitors to attend the fair. The fair will encourage student interest in reading and in building home libraries, and will also contribute to a worthwhile project. All profits will be used for books and materials for the library.

The book fair display will include attractive new books from many publishers in all popular price ranges: - wonderful books to read or to give as gifts. All reading interests will be represented, including classic, fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books. The committee is working with Educational Reading Service, a professional book fair company, to furnish an individual selection of books for the fair.

"Commended Student in the National Merit Program"

Sandra Lynn Chambers

Sandra Lynn Chambers, daughter of Mr. and Mrs. Herbert H. Chambers, of Rt. 2, Appomattox, and a senior at Appomattox County High School has been named a Commended student in the Merit Program by the National Merit Scholarship Corp. (NMSC).

Principal Cecil B. Tillery presented the Letter of Commendation to Sandra during assembly on Tues., Nov. 11.

These students are among the 35,000 Commended students named nationwide on the basis of their high performance on the 1974 Preliminary Scholastic Aptitude Test / National Merit Scholarship Qualifying Test (PSAT/NMSQT). Commended students represent less than 2 percent of those who are expected to graduate from high school in 1976.

Edward C. Smith, president of NMSC, said: "The high standing of Commended students in the Merit Program shows their great promise, and their attainment in this nationwide competition deserves public recognition. Commended students should be encouraged to continue their education. Both these students and our nation will benefit from their further educational and prsonal development."

To increase their opportunities for college, NMSC reports the Commended students' names to the regionally accredited U.S. colleges they named as their first and second choices when they took the PSAT/NMSOT in October 1974.

Arrest Made Monday In Revco Break-In

Wayne Dale Harmon, 24, of 5012 Showalter Road, Roanoke was arrested at 12:10 p.m. Monday and was charged by the Virginia State Police, Division of Investigation with breaking and entering of the Revco Drug Center in Appomattox on October 16 or 17, 1975, according to 1st Sgt. J. L. Lettner of the Appomattox Division, Virginia State Police.

A large quantity of the stolen drugs was recovered.

Harmon is being held in Roanoke County jail under $10,000 bail and will be returned to Appomattox County for arraignment on November 26.

He was employed by Roanoke City Water Department.

H. W. COLEMAN ATTENDS SOUTHERN STATE COOP STOCKHOLDERS MEETING

H. W. Coleman of Pamplin represented Southern States Cooperative's members at the association's 52nd annual stockholders meeting held in Richmond, Va., November 12 and 13.

Also attending the session was Ronald Coleman, representing Coleman and Sons, Inc., local Southern States retail outlet.

They heard Executive vice president and general manager, John J. Feland, report to the 1400 delegates, guests and employees who attended the session that, total dollar volume for the fiscal year ended last June 30 reached $288 million. This was an increase of about $43 million.

Feland also reported at the business session at the Mosque auditorium that after tax net savings from operations reached $14.9 million, an increase of $1.2 million. Southern States' total reportable net savings was $23 million, including an equity of $8.2 million in the undistributed earnings of the Farmers Chemical Company, Tyner, Tenn., and Texas City Refining, Inc., Texas City, Texas. (Southern States is a part owner of each of these associations.)

Operations of the Southern States Grain Marketing Cooperative were also successful. Nearly 18 million bushels of grain were marketed and dollar volume exceeded $75.5 Net savings totalled $509,000 allowing for the payment of a refund of 3.2c per bushel.

Feland, in commenting on events during the past year, pointed out that for the first time the co-op was involved in a public offering of Industrial Development Revenue Bonds to finance the feed mill at Winchester, Ky., and the distribution center at Roanoke. The total offering amounted to about $9 million. "These bonds apparently found a ready market and attenst to the acceptance of Southern States securities with the investing public," he said.

He also said that the past

Lions Club Will Meet Tonight

The Appomattox Lions Club will meet tonight, Thursday, at 8:45 p.m. at the Parkway Restaurant.

James Short, Deputy Forest Supervisor, Jefferson National Forest, will be the guest speaker for the evening. Lion Gil Lusk is in charge of the program.

All members will want to be present.

School Enrollment Continues To Rise

The Appomattox County School Board, meeting in regular session on Thurs., Nov. 11 reviewed a report from the superintendent which shows an enrollment of 2852 pupils for all county schools. This is an increase over the 1974-75 session of 130 pupils and an increase over the 1973-74 session fo 298 pupils.

It is anticipated that the enrollment increase will level off. "If the increase continues, it will be necessary to consider all practical alternatives to accomodate the pupils," stated Lloyd Walton.

In other business the Board reviewed a report compiled by the State Department of Education to meet the requirements of State Senate Bill 647. The bill requires that each school board shall make available to secondary students employment counseling and placement services on or after Sept. 1, 1976.

It was reported to the Board that many services are provided to Appomattox County students in the area of job counseling and placement by guidance counselors and other school employees. All of these services will be used from the Virginia Employment Commission.

Continuing its progress toward meeting the needs of handicapped pupils, the Board reviewed a proposal to seek federal funds to organize a class in 1976-77 for the ... impaired. If the pr... approved, federal funds w... available for the total expenditure of the class.

During the past three years the program for handicapped pupils, all mandated by State statutes, have been initiated with federal funds. After the first year, the programs have been continued with State and local funds.

The superintendent reported to the Board that the Appomattox Primary, Appomattox Elementary and Pamplin Schools are making progress in their self-studies as a step toward becoming accredited by the Southern Association of Colleges and Schools. With the assistance of the State Department of Education the schools have worked this fall on two sections of the study: 1) philosophy and 2) school and community.

This is one of a number of programs approved by the School Board which requires a very minimum expenditure, yet offers many opportunities for continued school improvement.

Present plans include completion of the study by the schools in the spring of 1977 and accreditation by the Southern Association of Colleges and Schools in the fall of 1977.

A final area of discussion by the Board was adult and continuing education. The Board is pleased with the effective utilizaiton of the school facilities and the involvement of the community in all phrases of the educational program. During the fall semester a total of 210 adults are enrolled in sixteen different classes. Funds for these classes come from tuition fees and state assistance.

The Board set the next regular meeting for Thursday, Dec. 11, 1975 at 7 p.m. in the Board Room.

KEEP ROADS PASSABLE FOR BETTER MAIL DELIVERY

Postmaster Ora S. McCoy today revealed that she is soliciting the cooperation of road authorities and customers in keeping roads passable and approaches to mailboxes cleared during the winter months.

Rural carriers must make every reasonable effort to serve the greatest number of customers possible during severe weather, using alternate roads or returning when necessary. The carriers are not required, however, to provide service on foot when roads are impassable.

Customers are responsible for keeping approaches to boxes clear of snow and all other obstructions, which may make delivery of mail difficult or at times impossible.

Customers are also reminded of the mail early dates: Packages before Dec. 10, Cards before Dec. 15.

TOP WINNERS IN THE PAMPLIN 4-H Share-the-Fun program held last Friday were, left to right, Malcolm Miller, Jennifer Inge, Angie Murray, Doug Franklin, Mike Seamster, and Jim Hix. A top winner not shown in photo above was Richard Gavitt.
